**Si Bin/Black Tourmaline Patent-Pending Blend**, available ONLY from EverLast INNERgy is "trapped" within **medical grade silicone** in their **excited most powerfully enhanced state**.

**Si Bin** literally was "born" from a meteor which exploded into a limestone bed in Northeastern China long before recorded history. The explosion & molten inter-galactic minerals infused into the limestone creating veins of a super Far Infrared Radiation composition which, when blended together in our special process emits large amounts of its healing energy.

**Black Tourmaline** is known as one of the strongest healing compositions of its kind emitting negative ions.

**Negative Ions** are simply oxygen atoms with an extra electron. That sounds simple enough yet their effect on human biochemistry is they help you feel better. If you've ever been near a waterfall, high in the mountains, or noticed how good it smells & you feel after a rainfall, you already know just the beginning. Conversely, when positive ions rule, such as in a polluted air environment or car quagmire, you've also felt "that" difference: LA Freeway at rush hour the negative ion count in the air is well below 100/cm...normal country air is approx. 3000/cm...Yosemite Falls, 100,000/cm.

**Far Infrared Radiation** is simply a form of energy heating objects directly through a process called conversion without having to heat the air in between. It's what our sun does & is a part of the natural light spectrum of sunlight minus the skin damaging UV rays; the part invisible to the human eye. **Unlike ultraviolet light, FIR is harmless to the body. In point of fact, it is Far Infrared Healing Radiation.** FIR improves most physical conditions because its healing effects are nearly universally positive. Studies have shown well over 100 benefits such as improved blood circulation, restored youthfulness, toxin & heavy metal reduction, skin cleansing & rejuvenation, allergy & rash reduction.

**Your POWER-Pack** comes with:

- ✓ **A complete set of 12 patches, one bracelet & one necklace.** Each of these products are infused with our powerful, unique non-duplicable & patent-pending blend of minerals, the primary active ingredients of which are Si Bin & Tourmaline
- ✓ **INNERgy POWER-Pack Negative ION Patches** emit 3600cc of Negative IONs or more per patch & radiate Far Infrared waves in the range of 4-18 microns

Your Patches come in a pre-selected assortment of two colors (black, white) & sizes (s, m, lrg in circle shape).

**Extremely versatile, for highest effectiveness, use them against the skin on any part of the body** to relieve pain & discomfort. Apply with self-adhesive medical stretch tape or stretch net bandage. - ✓ **POWER-Pack Bracelet** emits 5100/cc of Negative IONs & radiates Far Infrared waves in the range of 4-18 microns. Alternate bracelet daily or weekly to keep the elliptical pattern of electromagnetic energy flowing
- ✓ **POWER-Pack Necklace** emits over 6500/cc of Negative Ions & radiates Far Infrared waves in the range of 4-18 microns. Our single most versatile & powerful product, when worn around the neck, its power is near the spine, hypothalamus & heart.
